

## French Macaron Flavor Guide

## Limited Edition Flavors

Not all flavors are available year-round, please call the bakery for today's availability. Special custom orders require a minimum of four dozen per flavor and at least two weeks notice. Most flavors are gluten-friendly but are produced in a facility where we work with all allergens. All macarons contain almond flour. Pricing, colors and flavors are subject to change. Macarons should be kept refrigerated or frozen but are best served at room temperature.
